

ANIMALS AS NATURAL THERAPY

2019 Community Partnership Opportunities

HELP US MAKE A DIFFERENCE

Our mission is to strengthen our community by developing healthy, resilient individuals through animal-assisted education, with special attention to at-risk youth.

We sincerely thank you for the support you have offered our community this past year. In 2018, these funds helped Animals as Natural Therapy (ANT) to provide mental & behavioral health activities for over 650 at-risk youth, veterans, families, and elders in care facilities.

ANT's community business partners engage ANT programs and animals through visits, in-kind donation, volunteering and at ANT annual events, which recognize their support. ANT business partners choose the level of investment that achieves marketing goals while supporting ANT programs transforming personal lives in our community.

Hand-painted wooden horses of the Horsing Around Campaign are a long-standing ANT tradition. Business names are displayed across the front of brightly colored 4x4 wooden horses, displayed on Hannegan Road August - October en-route to the Northwest WA Fair, then displayed at ANT barnyard year round.

We look forward to collaborating with you to discuss the support that would best fit your business or organization. Your personal contact at ANT:
